

HILDENS DRIVE SURVEY

Some of the play equipment at Hildens Drive is old and worn and Tilehurst Parish Council is currently considering what action to take. Feedback from neighbouring residents would help us understand how the whole area is used and whether the play items are of benefit.

The items we are specifically considering now are:

- The toddler slide which is damaged
- The orange rocker which shows significant signs of wear and tear
- The carousel needs re-setting

It should be noted that the play area is intended for younger children. Restrictions on the land mean it is not possible to include items intended for an older age group, and no structures (including shelters and huts) may be built on the land. We are further limited as to what we can do by drainage issues, and by the electricity substation in the corner.

Please complete the following short questionnaire. Completed forms should be returned to the Parish Office, Highview, Calcot, Reading RG31 4XD.

If you would prefer to respond by e-mail, please put Hildens Drive Survey as the subject, and type the question number and your response (ie 1a and b), adding any additional comments if necessary, and send to sarah@tilehurstparishcouncil.gov.uk

Thank you

Usage

This information will help us understand how the area is currently used.

1. Does anyone in your household regularly access the green space on Hildens Drive? Yes / No

2. For what reason(s) do you access the green space on Hildens Drive?
